ABOUT GLOBAL

Our programs are designed to inspire male and female athletes alike, to pursue their passion for sport in an empowering program that is supported by academic and athletic leadership. We are passionately motivated to make a profound difference in the lives of student-athletes and their families, and we believe in developing student-athletes through character, education, leadership development and sport.

The Vanier Collegiate Global program includes skill development, ice times, multi-sport training, dryland sessions, leadership and character education and academic support sessions.
